QS Student Ranking by City 2022

Vienna is ranked #14 by students worldwide, #6 in Europe

Quotes from the QS ranking:

“Vienna earns its highest score in the desirability indicator, placing in joint fifth. It’s frequently ranked as one of the world’s most liveable cities.”

„While its selection of universities is much smaller than cities such as London or Paris, Vienna is pretty hard to beat as a European city offering high quality of living combined with cultural activity and affordable tuition fees.“
