“ I had fun memories of visiting Surin City with my host during the Songkran Holiday. Surin is known for its rich cultural heritage, traditional festivals, and beautiful landscapes. My host introduced me to her family, taught me how to cook with local food, and gave me a lot of love. I had a great time celebrating the family songkran together with them. We visited Surin's famous Elephant Round-Up festival and took pictures together.

Thank you so much for the happiness.

Thank you SUT Thank you CIA Thank you my host.

For songkhran holidays

A life time memory of experience and love....

I had experienced a new culture and traditions here.

I felt so fulfilled by participating in the traditional celebration of festival.

It satisfied the inner feeling of not celebrating with the family.

Especially grandma left me in tears with her affectionate love towards us reminding our grandparents. The way she treated us, fed us, talked to us completely made us feel like we are with our own grandmother at home.

Grandpa was amazingly wonderful for his world talks with me.i had a great time talking to grandpa.

Children reminded me of my cousins and Aj she was just a miracles with the works and plans.

I really felt like home and very bad leaving the house but had a mission to finish afterall....

I wholeheartedly thank Aj for the family affection that i was missing.

Thank you so much for giving me a family love and affections in Thailand.

“

Memories of visiting with my friends at Aj Wipawee's house during the Songkran holidays.

The most unforgettable memories are the hospitality of the host grandparents when we got to Aj's house, the time we spent cooking and eating together, and also the time we spent visiting the beautiful nature parks with family members of Aj's. And I was very happy to meet and greet the friendly villagers while we were visiting the temple with the aim of learning about Thailand culture by meriting on Songkran holidays. I finally would like to express my sincere gratitude to the grandmother's family for their warmth. I would say it will remain a glamorous memory in my mind.

Wishing grandfather and grandmother a long life.

This is my first songkran in Thailand, and I was a guest at AJ Wipawee's home. The family welcomed us with open arms when we got there. We immediately close to each other after being introduced. The following day, we went to parks, temples, and dams. Like a family, we cooked and had breakfast and dinner together. We are treated like family by my host and her family members. Throughout my homestay, I received a lot of kindness and warmth and had a lot of fun. I had a great time at AJ House for the Songkran vacations, and I can say that this is one of the most memorable moments in my time at university. I sincerely appreciate the love, concern, and kindness that AJ and AJ's family have shown me.

“

Songkran Holiday Homestay at AJ Wipawee Usaha home I had the pleasure of spending two days at a wonderful AJ's home, and I must say that it was an incredibly enjoyable experience. Not only did we have the opportunity to share some delicious home-cooked meals together, but we also engaged in some fascinating conversations and shared our life experiences with each other. Every moment was filled with warmth and joy staying with all of family members. It was a great opportunity to socialise and connect with new people in a warm and welcoming setting. Overall, I thoroughly enjoyed my stay and am grateful for the hospitality and kindness shown to me by the family. Thank you for everything. Lastly I really appreciate CIA for creating such a wonderful activity.
