About WTUC

The World Technology Universities Congress (WTUC) aims to create a global partnership between education, business, governments and development organisations, where opportunities are created for technology universities and businesses to work jointly towards the world challenges.

The WTUC 2023 was held during 9-11 October 2023 at the Augustinian Monastery Erfurt, Germany, where the historic place was constructed dated back in 1300. The Congress was joined by more than 50 delegates from WTUN member universities.

What's on?

Parallel sessions: Roundtable talk

Vice Rector in Engagement, Innovation and Entrepreneurship, Dr. Mullika Sungsanit, was again under the spotlight while joining a roundtable talk on "Supporting Entrepreneurship-The Fast Way for Transformation". SUT engagement with communities especially work on sustainability was highly recognized at the forefront of national activities.

Prof. Dr. Neung Teaumroong, the Vice Rector in Research & Technology Development, gave a talk in the round table session on Sustainability in Research – the Leading Role and Responsibility of Higher Education Institutions, showcasing how SUT research smoothly transferred and benefit the communities, especially in the local area of KORAT province.

The WTUC 2023 continues strong partnerships among 19 technology universities to dynamically engage research & innovation for solving social problems and challenges via technological based knowledge, and benefiting student and academic exchanges. SUT best practice on innovation research and engagement has been shared to enhance global presence among the WTUN delegation, giving opportunities to promote activities such as Global Entrepreneurship Camp 2024, etc.

A Glimpse at WTUN Congress Banquet

We thank the WTUN staff, and especially **Denise Whitehead, WTUN Development Manager**, who has devoted herself for the success of the event.

The NEXT host of WTUC 2024, is the **UNIVERSITI TEKNOLOGI MALAYSIA** has extended invitation to all WTUN delegation to gather once again in MALAYSIA.

Taksin University on the event has perfectly pitched for hosting WTUN 2025.
