
GNU-SUT CAPSTONE PROJECT 2024

15 JANUARY 2024

First day arriving at GNU It The first day you arrive at GNU, you will join the group as prepared. Then we got to know each other and discussed topics that we were interested in. After that, we went to dinner.will be into the group as prepared. Then get to know each other and go to dinner.

16 JANUARY 2024

The second day will be to summarize the topics that our group is interested in: hydrogel-based artificial cartilage. The afternoon was spent visiting the animal hospital and visiting the metals, ceramics and polymers lab.

17 JANUARY 2024

The third day in the morning we will work on the proposed work. And today's afternoon is a visit to the Posco factory, which is the largest metal factory in the world. And it is a famous factory in Korea (within the factory area, photography is prohibited). Then the Korean teacher took us on a tour to wait for dinner.

18 JANUARY 2024

On the morning of the fourth We gathered information and listened to lectures on design thinking. And in the afternoon, we visited Irwin Bio Company, which is a company that works on extracting cells from various living things to use to treat diseases (in the company area, photography is prohibited).

19 JANUARY 2024

In the morning there will be a discussion about presentations. And in the afternoon there will be teaching by Thai teachers. And after class finished, everyone returned to work for tomorrow's presentation.

20 JANUARY 2024

On the last day of your stay at GUN, there will be a morning presentation. In the afternoon there will be free time with Korean friends to take care of you. Korean friends took me bowling and to a coffee shop. And after that was a dinner party for our stay in Korea.
