# June 11 2026

On June 11, our group will join an educational field trip to explore several well-known places in Palembang. We will begin our journey at the Songket Weaving Center, where we will learn about the traditional process of making Songket fabric. After that, we will visit the Sultan Mahmud Badaruddin II Museum to discover the history and cultural heritage of Indonesia. Finally, we will take part in a Pempek-making workshop and learn how to prepare this famous traditional dish from Palembang. This trip will help us gain a better understanding of the city's culture, history, and local traditions.

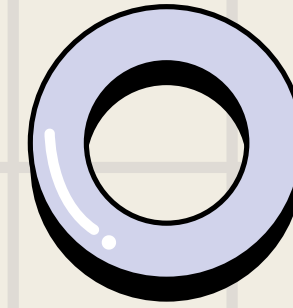

# June 11 2026

Towards the end, there was a dinner, and the event concluded.

**Thank you**
