JÖNKÖPING UNIVERSITY VISITS SUT TO EXPLORE ENGINEERING COLLABORATION

Jönköping University Visits SUT

Suranaree University of Technology (SUT) was delighted to welcome Mr. Tomas Wigerfelt from Jönköping University, Sweden, on October 26–27, 2025. The visit, hosted by the Center for International Affairs (CIA), aimed to strengthen academic ties and explore opportunities for collaboration in engineering, innovation, and cooperative education.

Exploring Collaboration Opportunities

During the visit, discussions focused on potential collaboration in Industrial Engineering, Mechanical and Aeronautical Engineering, as well as on developing internship and cooperative education opportunities between the two universities.

Laboratory and Startup Visits

The delegation also toured SUT's laboratories in Mechanical and Aeronautical Engineering and Petrochemical and Polymer Engineering, and visited startups at the Regional Science Park, including Suratec and Surazense.
