TECHNOLOGY

Going Global 2025 by the British Council has gathered more than 400 delegation across the world to debate the future of further and higher education, focusing on resilience, values, innovation: surviving and thriving in a volatile world where geopolitical exists. With the emerging of South East Asia and Africa in higher education, going global has turned into the new chapter in building resilience in tertiary education for a volatile future. The next co-host is Türkiye in 2026.

Going Global 2025

28-30 OCT 2025, QUEEN ELIZABETH II,
LONDON, UK

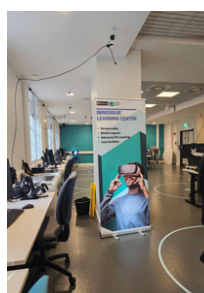

ACTIVITY HIGHLIGHTS THAI DELEGATION FROM 13 INSTITUTIONS

**Attended the Global Going 2025 to strengthen
collaboration between Thai-UK universities**

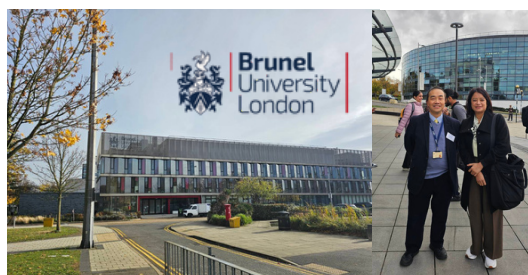

Asst. Prof. Dr. Tapany Patcharawit, Deputy Director of Center for International Affairs, as SUT's representative joined the event with 13 Thai delegation from universities and MHESI to make a remark for going global and gain strategic partnerships with the UK and Scotland universities via the British Council. University visits and networking offered insides and new perspectives with potentially solid collaborations in various spectrum.

**1 GEORGE STREET
AWARDING & NETWORKING**

**Experiencing the Immersive
Learning Centre at Birkbeck
University of London** gives
wild ideas. Also impressed by
intensive Student Helpdesk
Services and strategic carbon-
footprint on campus.

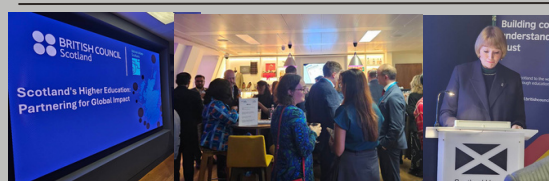

**BRUNEL
UNIVERSITY LONDON**

**Campus visit with Prof.
Isaac Chang, a Senior
Research fellow and
discussion** for academic
collaboration, research &
mobility through MSCA
partnership.

**SCOTLAND'S
HIGHER EDUCATION**

partnering for Global Impact
in a vibrant evening with the
British Council and universities.
