

GNU-SUT Global Project-based Learning

Gyeongsang National University (GNU), Jinju, Republic of Korea

Duration: 25-30 January 2026

Objectives:

- **International teamwork experience:** Encourage creative problem-solving and promote cultural exchange between Korea and Thailand
- **Collaborative Research:** Strengthening working relationships between SUT and GNU toward long-term collaborative projects and laboratory exchange

REAL-WORLD GLOBAL TEAMWORK EXPERIENCE

- Development of a practical business project proposal promoting cultural exchange between Thailand and Korea
- Enhancement of leadership, problem-solving, and communication skills through group discussions, teamwork sessions, and project presentations
- Strengthening of international friendships and global networks through collaborative activities
- Experience of wearing Hanbok, the traditional Korean dress, and learning its cultural significance
- Participation in traditional Korean games, including Yutnori and Jegichagi
- Educational visit to the Busan Museum to explore Korean history and culture

INTERNATIONAL ACADEMIC COLLABORATION

- Exchange of ideas on potential joint research topics and student exchange
- Technical discussions on current research themes and methodologies
- Laboratory visits to observe facilities, equipment, and ongoing research activities
