Canada Internship Journey: Experience Sharing Session

The Center for International Affairs (CIA), Suranaree University of Technology, organized the “Canada Internship Journey: Experience Sharing Session” on Tuesday, 10 March 2026. The session aimed to prepare students who will participate in the MITACS Globalink Research Internship program in Canada and to provide practical insights from students who have previously completed their internships abroad. The session was attended by students who are preparing to join the MITACS program, including Mr. Hein Htet Naing, Miss Mya Yu Yu Wai, Mr. Thaw Zin, and Mr. Angelo Fernandez Virgo.

The event also welcomed students who had recently completed their internships in Canada and shared their experiences with the participants. These speakers included Miss Soe Yu Waddy, who completed her internship at the University of Victoria, and Miss Siripanchara Promnil and Miss Nutnicha Suvittawat, who conducted their research internships at the University of Waterloo. During the session, the speakers shared their personal experiences living and working in Canada, including academic and research activities, cultural adaptation, daily life, and travel experiences. They also provided helpful tips on preparing necessary documents, managing living expenses, adapting to a new environment, and making the most of international internship opportunities.

The event was honored by the presence of Asst. Prof. Dr. Wipawee Usaha, Director of CIA SUT, and Asst. Prof. Dr. Tapany Patcharawit, Deputy Director of CIA SUT, who provided guidance and encouragement to the students preparing for their upcoming international internship experience. Ms. Hataikan Tongjareon also participated in supporting the organization of the session. This experience sharing session served as a valuable opportunity for students to gain insights and prepare themselves for studying and conducting research abroad. It also highlighted the importance of international academic collaboration and the role of global experiences in developing students' academic, professional, and personal growth.
